Women's Tri Couture

The best gear and apparel to fit your body and your purse

We have received more outstanding editorial coverage and top billing in the current issue of Inside Triathlon (IT). In the May issue of IT, you'll find a women's triathlon gear feature and on the introductory page is a large double page spread picture of a Pink Ribbon, Nineteen Frequency wetsuit.

IT also reminded its reader about the Nineteen "Pink Ribbon Program" where

"Twenty dollars of each purchase of the Limited Edition Pink Ribbon suit is donated to the Susan G. Komen Breast Cancer Foundation"

As seen in the "2007 Special Women's Issue" in the May 2007 issue of Inside Triathlon magazine.
